

## Air Quality Monitoring Equipment Workshop and Sharing Session: State-of-the-art, Operation, and Maintenance

Jakarta, 25th January 2024

## Air Quality Monitoring Equipment Workshop and Sharing Session (English Version)

The recording of this sharing session aims to inform the targeted audiences about strategies and technicalities to:

- 1) Tackle the challenge of air pollution with effective monitoring strategies.
- 2) Transfer practical knowledge about monitoring ambient air quality, particularly PM2.5 and Black Carbon.
- 3) Provide practical insights into the latest advancements in air quality monitoring.
